IN TIMES OF DARKNESS

YOUR WORLD IS ABOUT TO GET COLORFUL.

Hi there! Thanks for taking the time to check out our catalog. Before you start flipping through the pages, we wanted to share a few facts about Life Celebration and this catalog that are pretty cool:

Everything comes ready. No assembly required.*
-  Each of the products in this catalog were used in actual Life Celebrations all over the map of the United States. *The families were thrilled to be able to contribute to our catalog.*
-  Our line of products and designs are fresh, energizing, healing, spirited, and completely customized. *If you use the word template in our office, you'll have to put a quarter in the swear jar.*

LEARNING IN THE KEY OF EXPERIENCE

Every Life Celebration Experience begins with knowledgeable and engaged funeral home employees thoroughly trained in the Life Celebration approach. Our proprietary course is a comprehensive and intensive training program based and licensed on the strategies, methodologies and frameworks from *The Experience Economy: Work Is Theatre & Every Business a Stage*. The training is conducted in your funeral home or at Life Celebration Headquarters by certified Life Celebration-Experience Economy Experts. Employees at every level are taught and tested on the key concepts, processes and procedures for successfully communicating with families and staging memorable Life Celebration Experiences - each and every time.

Today, merely providing goods and services is no longer enough to meet those desires. Life Celebration recognizes that we have entered an Experience Economy where families want to be immersed in the events and experiences. Life Celebration training teaches funeral homes across the country how to transform traditional funeral services to customized experiences.

TRAINING:

Muhammad Ali once said,

"I HATED EVERY MINUTE OF TRAINING, BUT I SAID, 'DON'T QUIT. SUFFER NOW AND LIVE THE REST OF YOUR LIFE AS A CHAMPION.'"

We couldn't agree more. Life Celebration takes commitment, dedication, perseverance, and practice. It won't be easy, it won't always be fun, but we can guarantee it will be worth it. Once you are trained, you will never be able to go back to doing things the "old way."

We will teach your staff "The Experience Economy way": *The Experience Economy: Work Is Theatre & Every Business a Stage*, ranked as one of the best-selling business books of all time, teaches that today's consumers ultimately desire experiences- memorable events that engage each individual in an inherently personal way. And they are willing to pay a premium for an exceptional experience. The Life Celebration curriculum was constructed from the frameworks and methodologies of this book. Our certified Experience Economy Experts will have your team in tip-top shape, ready to take on every type of customer.

Features of the training include:

- Implementing a proven and effective process for all staff to follow
- How to help the families heal through a co-creative process
- Learn how to effectively communicate with today's consumer
- Providing an experience within the funeral landscape
- Monetizing the Life Celebration Experience and how to create a revenue stream back to the funeral home
- Staging a Life Celebration event
- Utilizing strategies and methodologies that are successful in other professions and translating them to funeral service

TERMS AND CONDITIONS

E-Proof / Revision Policy

Thank you for your order and continued business with Life Celebration. Please completely review the details below of the E-Proof and revision process in its entirety. The E-Proof process is critical to ensure your complete satisfaction.

What is an E-Proof?

An E-Proof is images of all the products in your order as it will appear when printed. In the proofing process, think of it as what you see is what you get. E-Proofs are a time saving tool that is the “closest representation” for you to view the physical product. The only other alternative is to physically view the design in person.

Color Variation

We make every effort to portray and describe our products as best as possible. However, there are unlimited variables that will effect how you see color on your monitor. Computer screen resolutions and monitors do not always display colors accurately. Colors that appear on your E-Proof are a “close approximation” of what the final printed products will look like.

Proof/Revisions

Prior to placing your order, please be absolutely sure of what you want (Items/Quantities, text, word documents etc.) and how you want your end-product(s) to appear. This will ensure a smooth process, as well as save time on both your and our end. **Your order includes (1) complimentary E-Proof and (1) Round of Revisions. A fee of \$35.00 will incur for each revised proof that is requested after your (1) complementary proof / revisions. Your account will be charged separately for any additional proofs / revisions you request.**

Once you have received your E-Proof, it is your responsibility to review each item carefully. The revision period is your chance to tell us what you like and what you don’t like. Please thoroughly express in detail any revision or special instructions you may have and, if necessary, you can always call us to articulate exactly what you want! If revisions are required, please combine all your revisions in one E-Proof response within the ordering system, this will eliminate the risk of errors with multiple E-Proof revisions thus delaying the process. We pride ourselves in having a fast turnaround time and will promptly review and make the necessary revisions, per your request, immediately.

To prevent delays in processing and printing your order, please be sure to respond to your creative designer within (1) hour after receiving your final proof. If final approval is not received in the specified allotted time Life Celebration will print and ship, because of the urgency and sensitivity of each order (we can’t miss the event!). We will not be held responsible for any errors regarding images, spelling, punctuation or grammatical errors made by the client.

Final Approval

Your design is perfect and you have no changes, so what happens next? If you are happy with your desired design “AS IS” and no revisions are needed, your order will be prepared and sent to printing.

After Final Approval

If changes are requested to be made after the proofs have been approved, the order will be subjected to reorder pricing.

Our Delivery Guarantee

Orders placed Monday through Thursday by 12:00PM in your time zone will be shipped the same day via FedEx Priority Overnight and will be delivered the following day. Orders placed by 12:00PM in your time zone on Friday will be scheduled for Monday delivery, or where specified for Saturday delivery (where available) and will incur additional shipping costs. **Orders received after the 12:00PM cut-off in your time zone that need to be shipped the same day will do so pending customer service approval, extra charges will apply.** Orders placed by 11:00AM in your time zone on Saturday will ship the same day for next business day delivery.
